Mr Chappy Gardner
1472 Broadway
New York City N.Y.

Dear Friend:

Please pardon my delay in answering your letter, but I have been out of town since receiving it.

You asked me if I would be interested in bringing The Eagles and another league team to Bayonne N.J. to play for \$100.00 each team. It could possibly be arranged, although \$100.00 is a very little money under present day conditions. The transportation is the big expensive problem. I have inquired around, and believe I could get the team there and back for about \$12.00.

If the day you want us is one that will not interfere with the schedule, and we can arrange it without too much inconvenience, I will be glad to do so. If the guarantee was a little more it would be easier to interest another team. For that small amount we could only expect a local team. It costs about \$50.00 a day to keep a team on the road, and of course we could not expect a visiting team to hang around here for that kind of money.

I will be looking to hear from you as to the date you would be interested in. I hope you are enjoying good health.

Very Truly Yours
